2 October 2020

Reference: New online accreditation process

Dear LGSETA Stakeholders;

This letter serves to inform all LGSETA stakeholders that with effect from the 1st of October 2020, the LGSETA has stopped accepting manual accreditation applications. This is done in order to introduce an online, automated and improved accreditation application process. During the month of October, the LGSETA will endeavor to finalize all outstanding manual applications received in order to have a smooth transition into the new online application process. Training manuals will be made available (through the LGSETA website) to ensure that all stakeholders are ready for the online application process which will be accessible via the LGSETA online portal on following URL address:

<https://www.lgsetaonline.org.za/>

Although the new application process will go live during October, the LGSETA Education and Training Quality Assurance (ETQA) team will only start processing online applications on 1 November 2020. The LGSETA will appreciate your cooperation and understanding during this transition period.

Sincerely,

Pumla Mkele

Title: Education and Training Quality Assurance (ETQA) Manager
